

Fight for the Future!

Phil of the Future, *American Dragon Jake Long*, and *W.I.T.C.H.* where all cancelled for no real reason at the end of their second seasons. It may be too late for *Phil*, but *Dragon* and *W.I.T.C.H.* certainly deserve to continue! Visit SaveJakeLong.com and SaveWITCH.org

Preserve the Legacy!

We where able to get *Kim Possible* renewed for another season, but we aren't finished yet. Unless the show is released on DVD, it will not be around at all by this time next year. We must fight to preserve Kim's legacy. We must also work to get other DVD sets released for current shows like *Lilo & Stitch* and *That's So Raven*. Visit SaveKP.com and SaveLiloAndStitch.org

Prepare for the Unexpected!

New shows like *Hannah Montana* or *Wizards of Waverly Place* are sitting pretty right now, but things can change in a heartbeat. *Lizzie McGuire* was the top rated DC series when it ended and *Kim Possible's* finale was the highest rated DCOM in the history of the channel (until *High School Musical* the following year). Clearly, ratings alone will not keep a show safe. We must be vigilant and be ready for anything. This is why we strongly urge you join our mailing list at Lists.FixDisney.com

Explore the Classics!

Recently, Disney has started to release DVD sets of classic Disney Afternoon Shows. So far they have released DVD sets of *Chip 'n Dale Rescue Rangers*, *DuckTales*, *TaleSpin*, *Adventures of the Gummi Bears*, *Darkwing Duck*, and *Gargoyles*. You can see them all at SaveDisneyShows.org/shop/dvd.php
